

Milford, OH (March 27, 2012) –Ohio South Youth Soccer Association (OSYSA) –OSYSA today announced that it has successfully negotiated a long term technology agreement with Affinity Sports (Affinity). Affinity will become the state association’s technology partner providing web based state association services to manage all player and administrator records, risk management, state cup and other association activities. Affinity will also offer online registration, tournament and scheduling services to approximately 60,000 players and 70 leagues and clubs sanctioned by OSYSA. Affiliate Member leagues and clubs using Affinity will have the added benefit of full data integration and discounted credit card processing fees.

“We are very excited about our new relationship with Affinity Sports. After evaluating all systems available, the Affinity platform and support is the best fit for OSYSA now and into the future” said, Jim Martella, President, OSYSA. “Our goal is utilize technology to better serve our membership. We are confident that with Affinity, we will be able to accomplish our goal”, said Tom Frisbie, Executive Director, OSYSA.

“OSYSA has a long and proud tradition of providing high quality services to its membership. We look to play a key role in providing technology to enhance and expand their capabilities”, said Mark Skeen, President, Affinity Sports.

About Affinity Sports

Affinity Sports is one of the largest integrated registration and database management systems in amateur soccer with ten USYS state association clients and several premier gaming leagues (Alabama, CYSA-North Tournament Sanctioning, Washington Youth Soccer State Cup & State Leagues, Cal South, Georgia, Hawaii, Oregon, PA West, South Texas, Utah, Presidio Soccer League, and Region IV Gaming League).
